Beloved Partners & Friends,

This is going to be a tremendously momentous year in the spirit as well as the natural. The Lord gave us a powerful word at our Finnish Apostolic Conference. During the morning intercession, the Lord spoke clearly. "YOU ARE THE EXPRESSION AND DECLARATION OF CHRIST ON EARTH." What an awesome responsibility to shine for the King and realize that our lives wholly belong to Him. I have been so impressed yet again concerning the testimony of the 144,000 sealed saints in Revelation. Does it really matter who they actually are? What makes impact is, "These are they which follow the Lamb whithersoever he goeth." Are we really willing to follow the **same** Lamb whithersoever he goes and whatsoever He asks? We are always so full of excuses for not doing, going and being all He asks of me. I may claim many responsibilities of husband, wife, children, job and recreation but none of them is of such importance compared with my responsibility to Christ and His will.

I am sitting here in this Finnish forest deep in white snow in a truly winter fairyland. It is majestically beautiful in purity and the stillness is inspiring. I am working on my book on Eschatology and getting so excited I can hardly stand being in my body. Oh, beloved, the things that the Lord has prepared for us is beyond our comprehension and our greatest imagination. The grandest visitation and outpouring of the Lord upon this planet is yet to happen. We are going to see the manifestation of the supernatural as never before. This year a century ago officially ended the Azusa Street revival and the Lord promised that He was going to visit planet earth again in not one Azusa Street but multiplied numbers of them. There will be no limit to the power of God as wave upon unceasing wave of His manifested GLORY touches every human being on the globe.

This is also 2012 and the aligning of all the planets in our solar system will be fully accomplished this year. This has nothing to do with any Mayan doomsday prophecy about the end of the world, but the realistic solar alignment that takes place every 2700 years or so. The combined gravitational pull of all the planets on each other will be cataclysmic. Droughts, floods, earthquakes, tsunamis will be the consequence. The whole earth is going to be impacted in one way or another. This may well be the count-down to the

coming of the King. Coupled with international terrorism, the economic chaos and a complete lack of world leadership in every area of life, man is simply getting prepared to embrace the Anti-Christ as he proffers order and prosperity amidst chaos and disaster. As never before, it is time to fix a gaze upon the King and all He is. This is a year – twelve is the number of God’s Divine Government – to really get your house in order; Divine order. There are issues that need to be settled; discipline instituted and true love demonstrated. Without God’s order it is impossible to enjoy His rest and therefore His blessings. The reason so many believers have never experienced the Lord’s true blessings is because they and their homes are not under God’s Order. It seems that so many believers are always stamping out little fires and it is true. The little foxes spoil the vine. It will be impossible for the Lord to use anyone who is not under right order of God. If we are the expression and declaration of the Lord in the earth, then part of our inheritance as such is to push back the powers of darkness simply by who I am. Confusion, chaos and disorder are of the enemy and certainly not the Lord. If the individual life is surrounded by these qualities then it is impossible for the Lord to be ruling and reigning and for HIS KINGDOM power and authority and His Kingdom blessings to flow.

The Word commands us to set our “affection on things above” and not on the things of this world which is rapidly passing. In the face of the greatest onslaught against Christianity perhaps in the history of the Church where we are being assailed on every side, we, above all things have hope and the sure knowledge that we cannot fail for he has already triumphed.

May this be a year of unprecedented triumph and blessing in your life. May you break down all the barriers and boundaries that have kept you from exercising your calling and ministry and may you be a blessing to multitudes. It is truly the Lord’s will that you prosper in every area of life but that prosperity will only come as you inherit the Kingdom. You may be without work, in financial straits, despondent or facing a huge personal crisis. Know that the Lord is really a simple conversation away. Begin with telling the Lord how sorry you are for messing up. That places you in right attitude and on a right footing with the Lord who will then do abundantly above all you might ask or expect. So many times, it is our attitude that prevents the Lord from intervening on our behalf.

It is my prayer that this may be a great year in your life as you shine for Christ despite all the negative things that are happening in the world. May multitudes of blessings be on you and yours as we take a further step together in the promotion of His glorious Gospel.

Blessings,

Michael Howard

Out of Africa is doing some rearranging concerning the details of the pastor's sponsorship program in Finland.

So far the sponsorship program has been based a lot on gathering and encouraging individual people to commit to sponsor certain pastors/workers. That has helped Kalibu in Malawi (and Mozambique) to bear the burden regarding financing the pastors. Kalibu has been committed to the certain number of pastors regardless of how much support/sponsorship has come in. And still will be.

According to our values we try to develop and improve our methods of operation. At this point our intention is to reorganize and simplify the sponsorship program – mostly concerning the Finnish end. The system has functioned very unevenly between different sponsors – as some have regularly received mail and others haven't. For that we apologize for and are regret. Also the limited time resources of the employee of the Finnish office are a reality and even when we have received mail from Africa, the forwarding of it has been delayed. A difficulty in its own right for the staff in Africa and Finland have been the changing situations and the difficulty of communications across long distances as well as other things regarding communications – eg. the translation of the letters from the local languages into English.

Kalibu Ministries in Malawi will continue the monthly support in Malawi and Mozambique just as it has until now. We are grateful for all the supporters who want to still continue giving and sowing into the work of pastors and workers. **The personal sponsorship contacts and writing letters to individual pastors we will bring to an end though. We will no longer be appointing individual pastors to individual sponsors either.** We will attempt to make the effort of bringing news on a general level from the pastors and workers in Africa in our general newsletter amongst other news. There is no need to return the photos of pastors and workers to the office.

We want to thank all the faithful supporters of this work – all of you who have supported this work all these years. There are still some letters from Africa at the office in Finland, which we will try and mail as soon as possible. **You are welcome to continue to support the work in Africa on a general level – of which the sponsorship there is a part of.** Another aspect of the work in Africa is the work among the elderly – of which we hope to share more about during the year ahead.

On the whole you can support the work in Africa (including the work amongst the pastors and elders) by using the reference no. 1177. If you want it directed particularly towards the elders, please use reference 5225. Many thanks!

Testimony from the Apostolic Conference 2011:

Last evening during the communion as I was eating the bread that we shared I felt it healed something inside me. I was already "tasting" the healing through the bread as I chewed it, there was special taste in it. And I believe God continues to heal me, as I walk forward on His path.

I was also excited about many new faces of young believers at the Conference, both from Finland and Lithuania.
